EXECUTIVE CHAMBER  
PROVIDENCE

FRANK LICHT  
GOVERNOR

April 30, 1971

To the Young People of the City of Troy:

One of the most important things to remember about a public library is that it belongs to the people, and your new library belongs to you.

Books provide a tremendous source of enjoyment and information--the kind of added dimension to our lives which is almost indispensable if we are to be intelligent, concerned, and understanding human beings.

Take advantage of the opportunity which has been opened to you using your new library. You will find it of immeasurable pleasure all of your lives.

Warmest personal regards.

Sincerely,

Frank Licht  
GOVERNOR
